

## HANDLES (Rack & Cabinet Fixing etc.)

CASA designs, manufactures and merchandises a range of metal and plastic handles suitable or electronic and light electrical equipments.

### Special Features Include:-

- 1) 2 x M3~M6 Tapped Holes (UNC and other thread forms can be made to order) for fixing through panels etc.
- 2) **Wide range** of sizes styles for various duties.
- 3) Many are Manufactured in **New Zealand** using CNC machining etc.
- 4) **Professional Quality** at every level of design and manufacture.
- 5) Our elegant designs have been adopted for high-end audio systems and communications equipments.

**Other Hardware Accessories** including many kinds of threaded fasteners clamps and brackets "J-Bolts" and "Hook-Bolts" etc. can also be supplies and/or manufactured to customer drawing and specifications. Materials include Stainless, Aluminum, Brass, Copper, etc. Please enquire giving relevant details.

### Provisional Specification:- (see physical details on reverse of this data sheet)

<p>➔ <b>Standard Sizes:-</b>                  (others available subject design details and minimum quantities)</p>	<b>Length = XXmm (yy inch)</b>
	<b>Width = XXmm (yy inch)</b>
	<b>Height = XXmm (yy inch)</b>
	<b>Thickness = Xmm (yy inch)</b>
<p>➔ <b>Tapped Threads Available:-</b>                  (other thread forms undertaken to special order)</p>	<b>M3, M4, M5, M6 etc.</b> (1/8", 3/16", 1/4" UNC/UNEF etc.)
	<b>Alloy or Plastic or Brass etc.</b> (304/316 Stainless Steel etc.)
<p>➔ <b>Materials:-</b>                  (other alloys &amp; materials subject to special order)</p>	<b>Alloy or Plastic or Brass etc.</b> (304/316 Stainless Steel etc.)
	<b>Diameter + 0.5mm</b> (recommended)
<p>➔ <b>Fixing / Clearance Holes:-</b>                  (generally depends upon requirements of other parts)</p>	<b>Diameter + 0.5mm</b> (recommended)
	<b>(to be calculated)</b>
<p>➔ <b>Load Rating:-</b></p>	<b>(to be calculated)</b>
	<b>(type / model specific)</b>
<p>➔ <b>Weight:-</b>  <b>Size:-</b> (Length x Flange Width x Thickness as below)</p>	<b>(type / model specific)</b>
	<b>(type / model specific)</b>
<p>➔ <b>Packaging:-</b> (CASA's welded Polyethylene bags and labels)</p>	<b>Loose or as required</b>

Part Number:- HND-LxWxT-FH-MAT(suffix)

Please compose a Part Number according to this system and use on your official order.

<b>HND-</b>	Prefix to indicate "HaNDle"
<b>LxWxT-</b>	Profile Size of Angle Length x Width x Thickness in mm.
<b>FH-</b>	The "Fixing Hole" or thread detail for the attached device in mm
<b>MAT-</b>	MAterial designator where "SS" = Stainless Steel, "AL" = Aluminum etc.
<b>(suffix)</b>	Special adder/suffix, drawing, job ref. etc.
